YOUR BACK
THROUGH
TOUGH TIMES!**

P.S. Generally, the savings you will see in hay/forage/pasture completely pays for the Riomax® Product, and then some. If we are going to survive tough times, it is essential that we look at ways like this to offset the cost of supplements.

A supplement that costs you \$0 because of offsetting the cost is far more cost effective than a low cost supplement that doesn't do much for you.
