

## February 2022

Calving, cleaning, pre-breeding... they are all upon us, or on the horizon. This season, ranchers across North America are using Riomax lick tubs as a tool to navigate their way through calving and increase their ranch profitability.

Why Riomax? These tubs are highly concentrated with a low consumption by design, backed up by a consumption guarantee. Chock full of yeast, enzymes, probiotics, prebiotics, and a complete mineral package, these tubs are an essential puzzle piece to healthy, vigorous calves, limited sickness, and laying the foundation for successful breeding.

Get in touch with \_\_\_\_\_ at \_\_\_\_\_ today to learn more... and don't forget to take advantage of the Pre-calving promo, which ends February 18th, 2022! Here's to a smooth calving season!
