

"I would anticipate 20% of the herd prior to Riomax needing to be treated. Now, it might be 5%."

DAVE ANDERSON
Belt, MT

"We might doctor 3 or 4 a year... We just do not see any health problems with calves."

DAVE & BEN INGRAM

Winona, MS

"No foot rot, no pink eye, no sick calves, nothing. A live calf is worth a lot of money this year, right?"

SIMMONE FOWLER
Williams Lake, BC

"This year we haven't doctored for scours at all...and we calved in some pretty tough weather."

JESSE BURLEIGH
Lewistown, MT
